

NAPTON ON THE HILL VILLAGE HALL - ROOM LAYOUT

Information - Napton Village Hall

The hall has been modernised over the last few years with refurbished kitchen, up graded heating system, toilets and redecoration throughout. We have also installed photo-voltaic panels to make the most of our south-facing aspect. A conservatory has been added to the south of the building, complete with a new locked store room. This gives additional space, further improving the great overall ambience and allows users to enjoy the views over open countryside to the rear of the hall. Free WiFi is now available throughout the Hall.

This is an ideal venue for all types of functions including parties, craft fairs wedding parties, music events etc.

There is easy access for all with a disabled access toilet. There is parking for 35 cars.

Main Hall

Doors open into the conservatory and to the grounds at the rear. There are approx 120 chairs and 15 tables. There is a stage with loading doors to the rear giving easy access.

Capacity is approximately 100 with tables set out with chairs, more without tables.

Jubilee Room

With capacity for approximately 40 people seated the carpet-tiled room has pleasant views over the grounds to the rear and is adjacent to the kitchen. There is a ceiling mounted, drop-down screen.

Committee Room

A room divider means that it can be used as two rooms but it will normally be let as one. There is a large meeting table seating about 12-15 people. A sink and tea-making facilities means this is an ideal self-contained meeting room.

Kitchen

The kitchen is designed to modern standards. Although not set up for large-scale catering it has an instant hot water heater, cooker, fridge, automatic rapid glass washer, sinks, hand wash basin and good work surfaces.

There are plenty of plates, cutlery and crockery for most needs.

Booking

You can check what times are available on the Google calendar on the website or you can check with our booking clerk, email : lewiscommander@rocketmail.com or telephone: **01926 812174**.

If a bar is required for your event you will need to apply for a Temporary Event Notice. Please ask about this when you are booking.
